Floor trap

**Verificare la tenuta idraulica. Verificare la stabilità e l'affidabilità degli accessori inclusi per il fissaggio, supporti di materiali diversi richiedono tipi diversi di accessori di fissaggio. Si raccomanda di usare sistemi di fissaggio adatti al materiale delle pareti. Per maggiori dettagli, rivolgersi a un rivenditore specializzato.**

Verify that there are no leaks in the system. Verify the stability and security of the included fixing devices since different materials may require different types of fixing devices. Always use fixing devices suitable for the material. For advice on suitable fixing systems, contact your local specialized dealer.
